

Name: _____ Date: _____

1. Angles around a point sum to 360° . If the known angle is 172° , what is the missing angle?

2. Angles around a point sum to 360° . If the known angle is 119° , what is the missing angle?

3. Angles around a point sum to 360° . If the known angle is 200° , what is the missing angle?

4. Classify the angle shown below as acute, right, obtuse, straight, or reflex.

5. Angles around a point sum to 360° . If the known angle is 131° , what is the missing angle?

6. Use a protractor to measure the angle shown below.

7. Classify the angle shown below as acute, right, obtuse, straight, or reflex.

8. Use a protractor to measure the angle shown below.

9. Use a protractor to measure the angle shown below.

10. Classify the angle shown below as acute, right, obtuse, straight, or reflex.
